ACA Cichlid Speaker Program

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals.

You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 20 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required.

Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power!

Speakers Available for this program:

Guidelines for Trading Post Advertisements

ACA members only may advertise in the Trading Post. The first ten lines (Sells/Wants) of cichlids are free. Additional lines of cichlids are \$5.00 (U.S.) each. Other fish are \$10.00 a line even if it is your only line. Payment and ads must be received by the 15th day of even numbered months. **THE NEXT DEADLINE IS FEBRUARY 15TH, 2002.**

HOW TO SEND YOUR AD:

- (1) Post online at **E-Classifieds** at **cichlid.org** available **24 x 7**.
- (2) **E-mail** the ad to **acatp@cichlid.org** or **ellenbej@pacbell.net**.
- (3) **FAX** the ad to 408.927.8301 (Available 24 hrs).
- (4) **Mail** it to **Jim Ellenberger**, 6749 Elwood Road, San Jose, CA 95120-5401.
- (5) Phone 408.323.0693 home, from 5:00 pm - 9:00 pm M-Sat, from 10:00 am - 9:00 pm Sunday, Pacific time.

RULES FOR SELLERS:

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

NOTE: The Trading Post will not list bizarre fish/hybrids . The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

ADVICE FOR BUYERS:

Caveat Emptor! The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, breeders, Kevin Plazak, listings that lack a photo reference, or include a color in the description. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

Editor's Soapbox

Welcome to my first issue of the Trading Post. I hope that you find it satisfactory. And I hope that you received it on time!

I know, you are thinking, "Who is this guy?" My name is Jim Ellenberger and I am the new Trading Post Editor. I have been editing the Pacific Coast Cichlid Association's newsletter, the *Cichlid Blues*, for the past 6 years. For those of you that are PCCA members, you know that I put out a pretty good newsletter, and that it is always out on time. I hate being late, just ask my wife.

Let me go over my rules for the advertisers: Please send me your ads by the 15th of the even numbered month for publication in the odd numbered month. Please email it to me if possible (correctly spell everything because I will use spell check and I may change a name that you know is right). Don't try to advertise for anything that is not allowed, like dry goods and non-cichlid species. Remember, Chuck Rambo lives about 10 minutes away and he knows what is and what isn't a cichlid, and I will call him if I have a problem. Lastly, if you do not renew your ad, it may not be published in the following issue, so please let me know if you want to renew.

Something that has touched everyone in the cichlid community since the attacks on September 11th, besides the obvious, is how are we going to get our fish shipped around the country. I'm sure that the people advertising are having problems. I have heard that unless you are a known shipper, you can not use the overnight shipping services, except for the US Postal Service and Fed Ex. So, what I would like to do is have anyone with some experience in shipping fish please let me know what they have found out and I'll try to get it into the next TP. It will be helpful for everyone that ships fish. I'll ask for info in May before the ACA Convention in July for bringing fish on the airplane, but we'll see how that goes when things quiet down.

As those of you who know me, I rarely stay on one subject and this is no exception. I have seen all of the emails going around with the BOT, and everyone is very excited about the new ACA website. Ron Coleman has done an outstanding job of moving the website. It still is at www.cichlid.org, but it is on new servers. Ron is looking for problems so check it out and email Ron if you find any. The more people that look, the more problems that will be uncovered.

I hope that everyone had a happy and safe New Year, and that this year all your fish will spawn, your fry will grow up, and you place your ads to sell them. Oh, and that your TP shows up on time.

- Jim

BOT Chair Message

With this January 2002 issue of TP, please welcome Phil Benes back onto the BOT, this year as Chair, with Juia Mann serving as Secretary for 2002. Along with newly elected and re-elected BOT Scott Arney, Phil Benes, Chris Borgese, Claudia Dickinson, and John Hansen, returning BOT members are Julia Mann, Craig Morfitt, John Van Asch, and myself. As per the newly-ratified Bylaws, the BOT will consist, for the first time, of 9 members!

As Jerry Garcia once said..”What a Long Strange Trip It Has Been!” This seems particularly appropriate as I step down from the 2001 Chair position December 31. We have gotten a lot accomplished, particularly this last year. BB is now staffed by a Committee of talented individuals, TP has gone through two personnel changes, we welcomed Ed Young to Membership, Chuck Rambo to Speaker’s Program, and most recently Ron Coleman to Managing Webmaster, while thanking David Herlong, Eric Hanneman, John Iszczyszyn, Mark Barnett, John Benn and Gene Aldridge, Jr. for their selfless service. We revised and ratified our Bylaws for the first time in nearly a decade, and in general, ACA is still chugging along as the pre-eminent aquarium hobby speciality organization - we celebrated our 35 anniversary this past July at the annual convention admirably run by the North Jersey Aquarium Society - special thanks to them! In short, it has been a very productive year for the ACA BOT and I would like to personally thank all of the members (Ken Davis is the only non-returning member - will miss him) who made all of this possible. In particular, I would like to single out Craig Morfitt for his unusually helpful role as Secretary this year, and thank him publicly for service above and beyond the usual call. I look forward myself to another year of progress on the BOT - it is amazing what email allows! - and thank all of our members for bearing with our growing pains this past year as these monumental changes were implemented. It’s been my privilege to have been involved in making these member-oriented changes a reality. Cichlid Power!

Wayne Leibel, ACA BOT Chair 2000-2001
