ACA Cichlid Speaker Program

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals. You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 20 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required. Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power!

Guidelines for Trading Post Advertisements

ACA members only may advertise in the Trading Post. The first ten lines (Sells/Wants) of cichlids are free. Additional lines of cichlids are \$5.00 (U.S.) each. Non cichlid fish are \$10.00 a line even if it is your only line. Payment and ads must be received by the 15th day of even numbered months. **THE NEXT DEADLINE IS February 15th, 2003.**

HOW TO SEND YOUR AD:

- (1) **E-mail** the ad to ellenbej@pacbell.net
- (2) **FAX** the ad to 408.927.8301 (Available 24 hrs).
- (3) **Mail** it to **Jim Ellenberger**, 6749 Elwood Road, San Jose, CA 95120-5401.
- (4) Phone 408.323.0693 home, from 5:00 pm - 9:00 pm M-Sat, from 10:00 am - 9:00 pm Sunday, Pacific time.

RULES FOR SELLERS:

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

NOTE: The Trading Post will not list bizarre fish/hybrids . The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

ADVICE FOR BUYERS:

Caveat Emptor! The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, or breeders. Listings that lack a photo reference, or include a color in the description may also be made up. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

Editor's Soapbox

I you notice, this issue is a bit slimmer than the previous ones. It looks like no one is selling any fish, or everyone was busy with the Holidays, or everyone is out of work. Anyway, not as many ads as usual but I can handle that - less work for me.

Speaking of less work, there were a few of you that actually read my column in November about how to send in the ads. Jason Selong wins the prize (just like "Whose Line is it Anyway", where the points don't matter) for the ad with the least amount of work that I had to do on it. Thanks Jason. The one area of the formatting of the ads that you folks are still having trouble with is that the species name should NOT be capitalized.

I just have three things to mention: the first is that Bob Randall is having trouble giving away magazine subscriptions to schools. He wrote me an email asking for help, and I just reprinted it verbatim on page 18. I thought it was the best thing to do since he stated pretty clearly what he was looking for.

The second item is that the 2004 ACA Annual Convention was awarded to the Rocky Mountain Cichlid Association in Denver, Colorado (see page 16). Finally, a convention that I can drive to.

The final item is that I am happy to report that the two groups of ACA members that recently traveled to Lake Tanganyika all made it back safely. Some of the fish that they were able to catch didn't, but I let them tell you the story. I'm sure that there will be several talks this coming year from these travelers in the coming year.

Well, not much going on this issue, but I just wanted to say that I hope that you had a wonderful Christmas and that the New Year will bring you everything that you wish for, especially lots of spawns of new and exciting cichlids!
