ACA Cichlid Speaker Program

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals. You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 15 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required. Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power!

ACA members only may advertise in the Trading Post. The first ten lines (Sells/Wants) of cichlids are free. Additional lines of cichlids are \$5.00 (U.S.) each. Non cichlid fish are \$10.00 a line even if it is your only line. Payment and ads must be received by the 15th day of even numbered months. **The deadline is posted throughout every issue of the Trading Post.**

HOW TO SEND YOUR AD:

- (1) **E-mail** the ad to ellenbej@pacbell.net
- (2) **FAX** the ad to 408.927.8301 (Available 24 hrs).
- (3) **Mail** it to **Jim Ellenberger**, 6749 Elwood Road, San Jose, CA 95120-5401.
- (4) Phone 408.323.0693 home

RULES FOR SELLERS:

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

NOTE: The Trading Post will not list bizarre fish/hybrids. The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

ADVICE FOR BUYERS:

Caveat Emptor! The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, or breeders. Listings that lack a photo reference, or include a color in the description may also be made up. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

Editor's Soapbox

Welcome to 2004! I hope everyone had a great Christmas and a safe and happy New Year. Do you know that I am starting my 3rd year as editor of the Trading Post? Well, now you do. I'm as amazed as you are. I never thought that I would last this long. You can thank (or curse) Wayne Leibel for getting me into the position, and Phil Benes for putting up with my stuff for the past two years. Speaking of Phil, how about the job that he did as BOT Chair for the past two years? I hope whoever takes over will do just as good, if not better, but it would be pretty hard to top Phil. By the way, I can tell you that the following people were elected to the 2004 BOT: Wayne Leibel, Kathy England, Chris Borgese, John Hansen, and Ken Georgison. (I'm sorry that I do not have the new BOT members listed on page 3, but the officers have not yet been elected at the time of publication.)

As editor of the Trading Post for the past two years, there is one thing that I never did, and that was put an ad in myself. Since I do not have a job, and can't find one, I've decided to create one. I've started a cichlid hatchery and wholesale business here in the San Francisco Bay Area. I have a 100+ square foot fishroom that I have had running since 1996, and all I'm really doing is getting a bigger fishroom (1,000 square feet). So, I am starting to advertise and all the fish that I have listed, I currently have in my fishroom. So, I won't toot my own horn any more. (And yes, I did pay for the one non-cichlid species that I listed.)

You know how I like to pick on Ron Coleman, but I can't this issue. You see Ron is currently in Costa Rica on one of his research trips. I'd really like to go with him but... it is very hard to bring fish out of Costa Rica. What's the use of going to someplace to collect cichlids, but not be able to bring them back? At least Ron will have some good stories to tell, he always does.
