### ACA Cichlid Speaker Program

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals. You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 15 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required. Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power!

**Guidelines for Trading Post Advertisements**

**ACA members only may advertise in the Trading Post.** The first ten lines (Sells/Wants) of cichlids are free. Additional lines of cichlids are \$5.00 (U.S.) each. Non cichlid fish are \$10.00 a line even if it is your only line. Payment and ads must be received by the 15th day of even numbered months. **The deadline is posted throughout every issue of the Trading Post.**

**HOW TO SEND YOUR AD:**

- (1) **E-mail** the ad to ellenbej@pacbell.net
- (2) **FAX** the ad to 408.927.8301 (Available 24 hrs).
- (3) **Mail** it to **Jim Ellenberger**, 6749 Elwood Road, San Jose, CA 95120-5401.
- (4) Phone 408.323.0693 home

**RULES FOR SELLERS:**

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

**NOTE:** The Trading Post will not list bizarre fish/hybrids. The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

**ADVICE FOR BUYERS:**

**Caveat Emptor!** The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, or breeders. Listings that lack a photo reference, or include a color in the description may also be made up. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

## Editor's Soapbox

---

---

First of all, I'd like to say thank you to those of you that voted me on the Board of Trustees. I hope that I can live up to your expectations, if you have any! Although I am not officially on the board until next year, my first unofficial act will be to try and get everyone to please write down the names of our fish correctly. What I mean is that the Genus of the name, the first part, is always capitalized while the species name, the second part, is always in lowercase. If you look at the username and password this issue, you will see that the combination reads: Genus species, just the way you should write them. Enough about my problems!

If you haven't noticed, there is an opening for an Acquisitions editor for the Buntbarsche Bulletin. This is the position that goes around and gets people to write articles and also helps them write the articles. This person will also help proofread the articles and make sure that they make for good reading (not how this column is written). Check out page 18 for the opening if you are interested.

Anyone know where the ACA Convention will be in 2006? The BOT would like to know as well as no club has come forward to put in a bid. Since there has not been a bid yet, some of the BOT members are thinking that the ACA should hold an ICC in some terrible place like Tampa, in the middle of summer! If you are reading this and you would like to get your club to host the 2006 ACA Convention, please contact Chuck Rambo (his information is on page 19 of this issue). I mean, it is only 19 months away!

Speaking of conventions, I just recently went to the Findig, hosted by the Sacramento Aquarium Society. I had a great time and the SAS ran a very good mini-convention. The speakers were very good, the hotel was fantastic (too good for us fish geeks), they played a game called "The Weakest Leak" (based on the Weakest Link) which ACA Treasurer Dr. Tim Hovenec won just beating out Dr. George Barlow, and they also had a great hospitality room with lots of food and drinks. It was almost like going to an ACA. I'll be there next year. And if you folks in Sacramento would like to hold an ACA, get your bid in!!!

## BOT Props:

**04-19** To approve the new Web Forum. Passed 7-0,2 abstain

Looks like the BOT wasn't too busy the past couple of months...but there were over 150 seperate emails so they were very busy, they just were not working on propositions.

## **Wanted: Acquisitions Editor to join the Buntbarsche Bulletin Editorial Team**

The ACA is seeking an individual who is familiar with the ACA and its membership to fill an open position of Acquisitions Editor on the Buntbarsche Editorial Team. This person will be responsible for soliciting articles and photographs from ACA members. The ability to work closely with both established and novice authors develop a balanced content for the BB, and work closely with the Layout Editor, Erik Olson, is the basic requirements of the job.

Networking with breeders, writers, and photographers is an essential aspect of the work. Actual editing is limited to making sure articles flow, but not to making major changes to the text without the consent of the author. A team of proofreaders is currently employed to screen out typos in the final proofs. A computer and an internet connection is required.

Interested parties should send a letter to the BOT by email ([kwdavis@uga.edu](mailto:kwdavis@uga.edu)) stating their qualifications by December 1st, 2004.

---

## **Board of Trustees Election Results**

This year 137 ballots were received, in 2002 and 2003 there were 142 ballots received each year.

Two odd ballots this year. One ballot had check for write in candidate, but no name after check and one ballot was totally blank.

The results:

114 Claudia Dickinson  
90 Phil Benes  
80 Ken Davis  
78 Jim Ellenberger  
72 Mark Whitney  
59 Randall Kohn

As there are four positions available for 2005, Claudia, Phil, Ken, and Jim will serve on the BOT starting in 2005.
