ACA Cichlid Speaker Program

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals. You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 15 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required. Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power!

Guidelines for Trading Post Advertisements

ACA members only may advertise in the Trading Post. The first ten lines (Sells/Wants) of cichlids are free. Additional lines of cichlids are \$5.00 (U.S.) each. Non cichlid fish are \$10.00 a line even if it is your only line. Payment and ads must be received by the 15th day of even numbered months. **The deadline is posted throughout every issue of the Trading Post.**

HOW TO SEND YOUR AD:

- (1) **E-mail** the ad to ellenbej@pacbell.net
- (2) **FAX** the ad to 408.970.5125 (Available 24 hrs).
- (3) **Mail** it to **Jim Ellenberger**, 304 Bodega Way, San Jose, CA 95119-1602.
- (4) Phone 408.225.0693 home, 408.209.6589 cell

RULES FOR SELLERS:

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

NOTE: The Trading Post will not list bizarre fish/hybrids. The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

ADVICE FOR BUYERS:

Caveat Emptor! The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, or breeders. Listings that lack a photo reference, or include a color in the description may also be made up. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

Join the American Cichlid Association!

Editor's Soapbox

This will be short and well, short. If you have not noticed, this issue is the smallest that I have ever produced, only four pages. It seems that very few members are taking advantage of this advertising service that your membership dues pay for. It's not even cold yet!

I just came back from a great fish weekend in Sacramento, California. It is called FinDig and it was a lot of fun. They had a show for the first time and I totally spaced out and forgot to enter some fish. I learned lots of stuff about fish other than cichlids. I didn't even know that there are fish other than cichlids! Anyway, the Sacramento Aquarium Society put on a great show and I know that next year I'll remember to bring some fish to show... I may have to get some non-cichlids if I retain what I learned.

- Jim

ACA Cichlid Conservation Policies for the Trading Post

In 2004 a proposal was approved by the ACA BOT to promote endangered cichlids in the ACA Trading Post. A list of 154 cichlid species can be found at the IUCN's redlist.org. After the webpage comes up then do a search for cichlidae and the list will appear. These cichlids have been evaluated by scientists and it has been determined that these species are either extinct, extinct in the wild, critically endangered, endangered, vulnerable, near threatened or data deficient. In order to promote the propagation of these cichlids, Trading Post will allow free lines in the TP to ACA members to advertise the sale or want of these cichlids. Currently ACA members are allowed a total of ten lines for free with additional lines costing \$5 per additional line. Cichlids on this red list placed in Trading Post will not be charged the \$5 fee if additional lines are required. This will cover all the Lake Victorian, Malagasy and Cameroon Lake cichlids as well as some Central American and South African species. If there are any questions about cichlids on the red list they should be directed to Charles_Rambo@urscorp.com. The ACA hopes its membership will review this list and make an effort to obtain and propagate these species for future ACA members.

The ACA is Looking for a Few Good Men (or Women)

Yes, the ACA is looking for some people to fill three open Chair positions:

Guy Jordan Coordinator

Nominations Chair

Club Liaison

The Guy Jordan Coordinator is responsible for reviewing the many grant requests, deciding which are worthy of the grant, and making recommendations to the Board of Trustees as to which requests should be funded. The person that takes over this position should be familiar with the writing of grants and the scientific part of the hobby. The outgoing chair is Dr. George Barlow.

The Nominations Chair solicits people to run for the BOT. For every election, seven candidates are selected by the Nominations Chair to run for four positions. The Chair must collect the bios from the candidates, pare them down to the required maximum number of words, and forward them to several other Chairs. The outgoing Nominations Chair is Bob Randall, and he is leaving to be able to run for the BOT. Chris Borgese has stepped in for the interim.

The Club Liaison Chair deals with all the aquarium societies and clubs around the world. Clubs ask to become part of the ACA Club Liaison Program and they send their information about meetings to the Club Liaison Chair which then forwards it to the BOT and more importantly, gets the information posted on the ACA website. The outgoing Chair is Craig Morfitt.

Contact any BOT member if you are interested in any of these positions.
