ACA Cichlid Speaker Program

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals. You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 15 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required. Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power!

Guidelines for Trading Post Advertisements

ACA members only may advertise in the Trading Post. The first ten lines (Sells/Wants) of cichlids are free. Additional lines of cichlids are \$5.00 (U.S.) each. Non cichlid fish are \$10.00 a line even if it is your only line. Payment and ads must be received by the 15th day of even numbered months. **The deadline is posted throughout every issue of the Trading Post.**

HOW TO SEND YOUR AD:

- (1) **E-mail** the ad to ellenbej@pacbell.net
- (2) **FAX** the ad to 408.970.5125 (Available 24 hrs).
- (3) **Mail** it to **Jim Ellenberger**, 304 Bodega Way, San Jose, CA 95119-1602.
- (4) Phone 408.225.0693 home, 408.209.6589 cell

RULES FOR SELLERS:

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

NOTE: The Trading Post will not list bizarre fish/hybrids. The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

ADVICE FOR BUYERS:

Caveat Emptor! The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, or breeders. Listings that lack a photo reference, or include a color in the description may also be made up. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

Editor's Soapbox

This will be short issue and another short soapbox. Another issue that is only four pages in length. Anyone have any ideas? Maybe you can just go to the internet and get the fish you want and the Trading Post is no longer needed? More ads would be helpful. If you want to be on the reminder list, please email me at ellenbej@pacbell.net and I'll add you to the list.

I just came back from a cruise to Mexico. How relaxed can you get! I wasn't far enough south or east to be able to collect fish, just some really good Mexican beer. We only went as far south as Ensenada, which is about 100 miles south of San Diego, but it still was a lot of fun. Cruising is the way to go, all you do is eat, eat, drink, and more eating. I think I gained 15 pounds, and it shows even on me! Time to loose weight so I can pig out in Chicago in July.

- Jim

ACA Cichlid Conservation Policies for the Trading Post

In 2004 a proposal was approved by the ACA BOT to promote endangered cichlids in the ACA Trading Post. A list of 154 cichlid species can be found at the IUCN's redlist.org. After the webpage comes up then do a search for cichlidae and the list will appear. These cichlids have been evaluated by scientists and it has been determined that these species are either extinct, extinct in the wild, critically endangered, endangered, vulnerable, near threatened or data deficient. In order to promote the propagation of these cichlids, Trading Post will allow free lines in the TP to ACA members to advertise the sale or want of these cichlids. Currently ACA members are allowed a total of ten lines for free with additional lines costing \$5 per additional line. Cichlids on this red list placed in Trading Post will not be charged the \$5 fee if additional lines are required. This will cover all the Lake Victorian, Malagasy and Cameroon Lake cichlids as well as some Central American and South African species. If there are any questions about cichlids on the red list they should be directed to Charles.Rambo@urscorp.com. The ACA hopes its membership will review this list and make an effort to obtain and propagate these species for future ACA members.

Wanted: Layout Editor to Join the *Buntbarsche Bulletin* Editorial Staff

The ACA is looking for an individual who is familiar with, and dedicated to, the ACA and its membership to fill the open position of Layout Editor on the *Buntbarsche Bulletin* Editorial Staff. The Layout Editor is responsible for creating the overall look and feel of the "BB" and for laying out the content, which includes articles, photographs and advertising. A comprehensive knowledge of page layout software, particularly InDesign, PageMaker or Quark, and photo editing software, particularly Photoshop, is required. Familiarity with various font types and their uses is also required. A high speed computer, either PC or Mac, and a DSL or cable internet connection, are necessary for the job.

Articles and photographs are acquired and forwarded to the Managing Editor, who works closely with the Layout Editor. Once an issue is laid out, a team of proofreaders suggests final changes. When these changes are in place, and the Layout Editor and Managing Editor have conferred and agree that all is in order, the Layout Editor uploads the proofs onto the printer's website. Once complete, the printer returns soft proofs to the Layout Editor for approval. The final hard proofs are sent to, and approved by, the Managing Editor.

This is a labor intensive job that is critical for the continued success of the ACA. The job of the Layout Editor moves beyond simply placing text and photos, to creating maps, choosing cover photos, and creating special effects. The ACA is looking for a creative person, with an eye for detail. The Layout Editor must be someone who enjoys being a part of the team effort. Dedication to the ACA is essential, as 40 hours per issue may be required, and deadlines must take precedence.

Interested parties, please send a letter, stating your qualifications, to the BOT by e-mail: pbenes@cinci.rr.com, and if you have a sample of your work, please send that to Claudia Dickinson, ABB@ Managing Editor, PO Box 5078, Montauk, NY 11954 by February 25th, 2006.
