**ACA Cichlid Speaker Program**

The ACA, realizing the financial cost of bringing in an outside speaker, is proud to offer to our members the **ACA Cichlid Speaker Program**, sponsored by Marineland and AquaScience Research Group. Basically, here's how the program works. Choose your speaker from the list of ACA sponsored speakers. There will be no cost to the club for honorariums and the ACA will pay half of the round trip transportation for any of these speakers to attend your meeting, up to a maximum dollar amount of \$100.00. You will be responsible for all additional expenses including lodging and meals. You will need to contact the speaker directly to arrange a convenient schedule. Once the date has been finalized, please contact Chuck Rambo 6474 Baguio Court, San Jose, CA 95119, 408-225-9175. It is imperative to get in touch with Chuck because the ACA has set a limit of 15 total speaking engagements per year for the ACA Cichlid Speaker Program. Availability is based on a first come - first serve basis and a 90 day notice is required. Transportation for the speaker should be arranged by you. After receiving permission to proceed from Chuck, you should submit a copy of your invoice for the reimbursement of travel expenses. All societies are limited to one annual participation. Good luck and cichlid power! Speakers Available for this program:

**Guidelines for Trading Post Advertisements**

**ACA members only may advertise in the Trading Post.**

**HOW TO POST YOUR AD:**

- (1) You must be a member of the ACA to post an ad
- (2) You must register at <http://cichlid.ipbhost.com/index.php?>

**RULES FOR SELLERS:**

- (1) Your name, email or website, phone #, in the bold header and complete address, shipping and any other instructions have to fit on the second line.
- (2) You must use the scientific name of your fish and if possible give a photo reference or state the collecting location. Place trade names and color forms in parentheses after the scientific name.
- (3) Up to two color morphs per line, but only one size and price per line.

**NOTE:** The Trading Post will not list bizarre fish/hybrids. The editor reserves the right to standardize names and determine whether a fish is appropriate to list. His decisions can be overruled by the BOT.

**ADVICE FOR BUYERS:**

**Caveat Emptor!** The American Cichlid Association is not responsible for the advertisements contained in this publication. Buyers are urged to obtain a photo reference and full scientific name from seller. Trade names may be made up by collectors, importers, wholesalers, retailers, or breeders. Listings that lack a photo reference, or include a color in the description may also be made up. Find out if the seller has the fish in their possession and if live arrival is guaranteed.

## Editor's Soapbox

---

---

This issue of the Trading Post is the smallest that I have ever completed. Only nine ads were placed, that allowed me to remove one sheet of paper. This also may be the last printed issue of the Trading Post as a BOT prop that was passed earlier this year started that the TP will go totally online if the next three issues had fewer than 18 ads per issue. The number of 18 is 1½% of the total number of ACA members (1200), and the three issues numbered in order: 16, 16, and 9. The problem with this printed version of the TP is that it is slightly out of date, easily misplaced, and you can see what is for sale by going online in numerous forums.

The ACA forum <http://cichlid.ipbhost.com/index.php?> is maintained by Ron Nielson, and is truly up to date. There is a lot of discussion areas as well as the Online TP. I am the moderator for the Online TP and that means that I have the ability to go into your ad and modify anything you put in there. Most of the time, that means I go in and correct your spelling, add the scientific names, and I make a note that I modified your post. The postings will only be visible for 30 days, so you are not seeing stuff that someone was selling three months ago that they no longer have for sale. A couple of nice things about posting is that you can post as many cichlids as you like, there is an area to post non-cichlid fish (what are those?), and an area to post dry goods. I think that this forum will really help the person that just has a few things to sell and they can list stuff for pickup only.

So, as I said, this may be the last issue of the TP that you receive, unless the ACA BOT changes its mind... has happened before.

- Jim
