New Website!

Exciting news! We now have a new ACA website with a member's only section that has several new features. You will be receiving an email asking you to set your password. After doing so, you can log in and see all the cool new benefits to being a member.

There is a trading post on the main website that the public can see and purchase from, but only members can add items to it. We are asking members to limit their listings to no more than 15 at a time so that one person or business doesn't dominate the trading post.

There will be live feeds periodically throughout the year which will allow members to interact with speakers. After the live session is over, a video recording will be available for viewing.

There is also a general discussion group which you might not be able to see right away as we need to add each member to the group individually. We hope to have this done as soon as possible.

Convention Sponsors

We already have a number of incredible sponsors for the convention who have donated product, cash and sponsored classes for the show. Most notable is a \$10,000 donation by Prestige Aquatics. In addition to the cash donation, Prestige will be providing a coffee and donuts on Thursday, Friday and Saturday for paid attendees in the vendor room.

Please consider registering today. Pre-registrations help the host club plan and provides funding for items that need to be paid for before the convention.

Bermuda Aquarium Club Donation to Paul V. Loiselle Fund

The Bermuda Aquarium Club has decided to dissolve which is very sad to hear. The membership has generously decided to donate their remaining funds - \$4,000 - to the Paul V. Loiselle Fund. Thank you to them for this and their past support of cichlid conservation.
